**Crawford/Broadspire to Donate Exhibit Booth to Habitat for Humanity**

**ATLANTA**—Crawford & Company is pleased to announce that the company will donate a portion of the Crawford/Broadspire exhibit booth to the San Diego chapter of Habitat for Humanity following the upcoming Risk & Insurance Management Society's (RIMS) Conference in San Diego, Calif.

The donation is a collective collaboration between Crawford and its third-party exhibit provider, Access TCA to provide Habitat for Humanity with elements that can be re-used in the construction of a home or in the local Habitat stores. Included in the donation is all plywood and structural wall frames that have will be used in the exhibit. The exhibit booth developed by Access TCA is a cost-effective, lightweight exhibit kit that eliminates the need for construction. The kit is also eco-conscious because it utilizes parts which are reusable.

“I am pleased that Crawford is able to extend its community outreach into the San Diego area,” said Jeffrey T. Bowman, president and CEO of Crawford & Company. “By recycling our exhibit materials following this important industry conference, Crawford once again illustrates its commitment to the environment.”
