## **Broadspire February, 2010 MMSEA Section 111 (SCHIP) Update**

**On February 17, 2010 The Center for Medicaid/Medicare Services (CMS) issued an Alert on their website for Liability Insurance, Self Insurance, No-Fault Insurance, and Workers' Compensation (NGHP):**

**CMS advises all NGHP RREs that the date for first production NGHP Input Files is changed from April 1, 2010 to January 1, 2011, effective immediately.**

- NGHP File data exchange testing will continue. All NGHP RREs should now be registered with the COBC, and either in or preparing for file testing status. NGHP file data exchange testing may continue during 2010, as needed.
- All NGHP file data exchange testing will be completed by December 31, 2010. NGHP RREs that have completed file data exchange testing at any time are encouraged to proceed to production file data exchange status.

During the week of February 22, on this Website CMS will post the next version of the "Section 111 NGHP User Guide" and a number of Alerts relating to particular NGHP policy issues.

Also during the week of February 22, on this Website CMS will post an alert for NGHP RREs describing the steps those RREs can take to assure their ongoing compliance with the Section 111 reporting requirements.

**As information regarding this alert becomes available, Broadspire will continue to provide further updates.**
